

73rd FICEP - FISEC Games
From 9 to 16 July 2023
FRANCE – NATIONAL UGSEL
DUNKERQUE

Our project

The national Ugsel, a member of the FISEC, is a candidate for the organisation of international games in July 2023 and has seized the opportunity to experience a high level, educational and social sport experience in our French territory.

We wish an organization under the sign of hope, which brings values for our young people in the world, actors of our societies of tomorrow.

Our schedule

- **November 2021:** Official presentation of the organization project at the AG Fisec
- **2021-2022:** Inspection visit by the FISEC delegation.
- **November 2022:** Home of the FISEC AG in Dunkerque and visit the sites by official members
- **May 2023:** Visit of the International Organisational Committee and the Staff FISEC
- **From 09 to 16 July 2023: FICEP-FISEC Games**

Summary

1. General aspects
2. Logistics and sports organisation
3. Sport infrastructure
4. Accommodation
5. Catering service
6. Places of ceremonies
7. Administration and Games secretariat
8. Transport
9. Welcome, accompany, guide
10. Medical service
11. Security
12. Media
13. Traditional program
14. Potential cultural programmes
15. Educational programme
16. Project program of the week
17. Innovative project promoting inclusion

1 – General aspects

The national deliberation jury that gathered on Monday, June 14, 2021 designated **Dunkerque** as home City of FICEP - FISEC 2023 Games in France.

We propose the following dates of organization from
09 to 16 July 2023

Our project was supported by the committee Ugsel 59 Lille, by the territory Ugsel Hauts de France and the town hall of Dunkerque

*Letter of support from
Dunkirk city*

The identity of the city of DUNKERQUE

History, culture, traditions and values

DUNKERQUE, a city where the Spirit of Dunkerque is carried daily by the more than 200 000 habitants of the Agglomeration

Dunkerque is the third port in France, which makes it a privileged entrance gate for Europe

It is a welcoming and tourist town with its architectural heritage and beach of Malo les Bains, renowned as the "most beautiful beach in the North"

Dunkerque, a city of tradition, where two months for thousands of carnivaleurs vibrate, chapel, sounds of fifs and drums, under the benevolent eye of Jean Bart, famous corsary of King Louis XIV

It is also a city of History, often at the heart of the great events of the past centuries

Dunkerque, a sports town, both professional and amateur, offers the possibility of various sports practices offered by a wide range of clubs and associations with high quality sports facilities

Culture is important in the development of the city, which offers structures for support and support for artists, national stage, emerging cultures, film shooting platform.

City where contemporary art and marine past coexist and are highlighted.

Innovative and environmentally friendly city, the first largest European city to offer one free public transport network.

DUNKERQUE, a city that has successfully transforme its industrial energy into Europe's first energy platform.

A dynamic and competitive Euro region, a whole territory resolutely geared towards energy transition

2 – Logistics and sports organisation

Our proposition from the Dunkerque site is based on a great experience of national championship organizations and hosting in terms of quality sports infrastructure. It relies on an experienced local and national team.

It is the whole political and operational structuring that supports and engages in this organisation project : the Ugsel committee of Lille, the Ugsel territory of Hauts de France, the Ugsel nationale and the city of Dunkerque.

We thank the mayor and his team for their involvement in this project and for the provision of infrastructure, thereby promoting the reception of international delegations in the best possible conditions, for the benefit of our federation's educational challenges.

The National UGSEL, in responsibility, will lead the various organisational commissions by building on the network's expertise :

- National services
- Standing Committees
- National technical commissions

3 – Sport infrastructure

PÔLE 1

Georges Guynemer
Swimming pool

Swimming

10 swimming lanes
de 25m

SAINT POL sur MER

 - Dunkerque / Maraichers

⁽¹⁾ Pour les horaires avant 7 h et après 19 h, les dimanches et jours fériés, consultez l'affichage aux arrêts, DK'BUS Live ou dkbus.com

9 – Welcome, accompany, guide

Hospitality and accompaniment are values of the Ugsel educational project that are part of the Catholic spirit of the FISEC.

Each delegation should be able to benefit from escorts and guides allowing them to live this week of games in comfortable conditions.

We propose the establishment of brigades of guides (high school students, students, former FISEC participants) in connection with Dunkerque and other high school and universities.

10 – Service médical

Fire department (firefighters 300m from the pole 2 sports infrastructure) and local service of emergency (SAMU)

The presence of a rescue service on each competition pole and a doctor regulator on the pole 2 of sports infrastructure

Work related to civil protection and / or red cross

10 – Service médical

But also...

Ugsel is involved in first aid training and addresses educational issues consistent with the Catholic education project and thus proposes an indispensable education continuum....These are 50,000 young colleges per year trained at PSC1 by Ugsel trainers

We propose that:

- **The creation of Ugsel youth brigades**
- **The presence of persons holding the PSC1 and/or PSC1 trainers**

11 - Security

The presence of one or more members of the local organisation team at each competition site

The presence of a security service dedicated to the ceremonies (opening, closing and “solidarity market”)

Information to be made to the municipal police and subprefecture

12 - Media

Media and means of communication :

- Local television: Corsaire TV, BFM Littoral, Wéo, France 3 Nord Pas de Calais
- Local Radio: Delta FM
- Local press: le phare dunkerquois, la voix du nord
- Municipality : photographe, presse écrite, site internet
- National services – communication manager

13 – Traditional program

- **Saturday 8/07:** The official “welcome pot” of the FISEC executives and OTI for the presentation of the Games.
- **Monday 10/07:** The ceremony of protocol and festive opening.
- **Wednesday 12/07:** The Eucharistic Celebration
- **Thursday 13/07:** The parade and the “market of solidarity”.
- **Friday 14/07:** Official reception with local authorities, partners, national delegates, FISEC executives and official dinner.
- **Saturday 15/07:** The closing ceremony with the team and festivities presented.

14 – Potential cultural programmes

A partnership with the Dunkerque tourism office for discovery visits of the city: a potential for animations

The Dynamo Tour:

During a tour, your guide will revive « Operation Dynamo ». The details of this evacuation, as well as its causes and consequences, this visit takes you to see the East coast, the British Memorial, the rebuilt city centre, the little ship Princess Elizabeth, and the beaches of Evacuation.

The discovery of the port aboard the Texel boat

Dunkerque port, whose impressive facilities cover half the coastline of the north department, is discovered over the water aboard the Texel.

The Sugar Hall:

In the walls of a former harbour warehouse, the Sugar Hall is a pole of resources and expertise on the theme of the sustainable city.

There are other visits to discover the city, history and architecture.

15 – Educational programme

Sport is a privileged area for learning citizenship, tolerance, living together, but also rules that allow us to respect.

Preventing and combating violent behaviours in the sports environment and all forms of discrimination must be a priority for our young citizens, all nations confounded, adults responsible for tomorrow.

The FISEC games represent a time dedicated to high level sports practice, but also a privileged means of education

- **We propose the creation of a « common thread » of educational actions during the week around societal environmental issues, the fight against forms of violence, discrimination and doping.**
- **A sensibilisation to first aid for participants : « first aid measures »
GQS : « Gestes Qui Sauvent » in french**

16 – Project program of the week

- Saturday, July 8:**
- Arrival of the FISEC and OTI
 - OTI meeting
- Sunday, July 9:**
- Arrival of delegations
 - Accreditation and administrative approaches
 - Presentation of games to the heads of delegations
 - Technical meetings with OTI
- Monday, July 10:**
- Start of the competitions in the morning
 - Opening ceremony at the end of the afternoon: Palais de littoral
- Tuesday, July 11:**
- Competitions
- Wednesday, July 12:**
- Competitions
 - Eucharistic celebration – Mass: Church Saint Eloi
- Thursday, July 13:**
- Competitions
 - Parade and Market of Solidarity (on catering site - diapo N°22)
- Friday, July 14:**
- Competitions
 - Dinner of officials: on the boat « Princesse Elizabeth »
- Saturday, July 15:**
- End of competitions, final collective sports
 - Closing ceremony and festive animation: Kursaal
- Sunday, July 16:**
- Departure of delegations

17 – An innovative project for inclusion

Ugsef allows disabled and not disabled people to share physical and sports activities **together**

So, the concept of inclusion is making its sense in the educational values of our federation for the **full development of the person.**

So it's a question of promoting inclusive sports by the implementation of proposals that mix people such as organising **an inclusive challenge** within our FISEC organization

**Hopefully this project will meet the
educational and sports expectations of the
FISEC spirit**

Thank you for your attention !

Gwendoline COUROUBLE (Ugsel 59L)
Didier CATTART (Ugsel Nationale)

COMPLETIONS

Objet : Projet d'accueil des Jeux de la FISEC.

Madame,

La Ville de Dunkerque a pris connaissance de votre candidature aux Jeux de la FISEC du 05 au 20 Juillet 2023.

J'ai le plaisir de vous informer que la municipalité émet un avis favorable à l'accueil de cet événement à Dunkerque et vous accompagnera dans l'organisation.

A l'un an des Jeux Olympiques de Paris 2024, je suis sûre que cet événement provoquera un engouement auprès du jeune public scolaire et mettra en avant l'esprit sportif de la Ville de Dunkerque.

Je vous prie d'agréer, Madame, l'expression de mes salutations distinguées.
